

# SProggaven

The memory game: Domestic animals  
- with focus on vocabulary and buildup  
of sentences.

- Play the game with your child.
- Look at the pictures together.
- Talk about what you see in the pictures.
- Try and find the animals on the poster together.
- When your child is app. 2 years of age, you may begin playing the game. Begin with 2-3 set of pictures at a time. Say the words out loud and describe what you see in the picture. For instance: the horse is playing with a ball.
- When you play the memory game, your child will learn new words and build new sentences – and that you have to take turns to play.
