**Memory game: Girls and boys with focus on vocabulary, buildup of sentences, personal pronouns (he, she and you)**

- Play the memory game with your child.
- Look at the pictures together.
- Talk about what you see in the pictures.
- When your child is about 2 years old, you can begin to play the game. Begin with 2-3 set of pictures at a time. Say the words out loud and describe what you see in the pictures. For instance: the boy is playing the guitar, or he plays the guitar.
- When you play the memory game, your child will learn new words and build sentences together, and the fact that you have to change turns to play.
